

**Providing answers to your questions
and solutions to your problems.**

Sullivan Electric & Pump, Inc. is a family owned business originating as Sullivan Electric in December of 1982. Starting as an electrician, Gary Sullivan, president and founder, ventured from being an electrician to building a company that earned a reputation of excellence in the specialized field of pumps and motors. The electrical division steered into commercial and industrial work and the firm now employs over 30 people, continuing in positive growth.

With an outstanding service department, excellent trained service technicians and electricians, and a superior inside sales/technical office management staff, Sullivan Electric & Pump, Inc. is dedicated to becoming the best in service and reliability in the industry.
